*[Information up to the 31st December 1914.]*

*Add.*—Mr. J. T. Marten, from 3rd May 1907 to 15th September 1909; Mr. G. A. Khan, from 16th September 1909 to 14th December 1910; Sir A. The latitude and longitude require correction as the lower taluks now form no part of the district. The map in the present volume excludes these taluks and is therefore correct. The area of the district is reduced to 9,318 square miles for the same reason. **Chapter I, page 1.**

*Delete* the words "south of this main body" to "Ceylon on a small scale", also "the space between the main body of the district" to "bounds them to the south" on top of page 2, also "from the latter point" to "66 miles". **Pages 1 and 2.**

The area of the Sironcha tahsil is now 3,082 square miles owing to the exclusion of the lower taluks. **Para. 2, page 2.**

*For* "119 2 on the 18th May 1897" in the sentence "The highest temperature on record is 119·2 on the 18th May 1897" *read* "120·5 on the 15th May 1912." **Page 31, para. 24.**

Page 59 to end of para. 51.

*Add.*—With the Madia Gond rising in the adjacent Bastar State in 1910, the peace of the district was on the verge of disturbance. A distasteful tax on forest product in Bastar caused the Madia Gonds of that State to rise. The discontent threatened to spread to the Madia Gonds on the borders of the district, but the timely action of Mr. McGill, the District Superintendent of Police, assisted ably by Mr. Langhorne, the then Manager of Ahiri Court of Wards Estate, prevented any disorder.

Para. 125, chapter III, page 138.

Deo Rao Deshpande alluded to in the latter part of paragraph 125 died in the beginning of 1912, his only son Shrihari inherited his estate and succeeded him in the Lambardarship of Warora.

Para. 128, page 140.

Venkat Shriniwas Rao, the Superior Proprietor of the Sironcha and Cherla taluks, was presented with a *sanad* from the Chief Commissioner on the Coronation Durbar in December 1911 in recognition of the impetus he gave to the Co-operative Credit Society movement in Sironcha.

Para. 129, page. 141. —*Add* to end.

Mir Yakub Ali died in December 1910 and was succeeded by his son Mir Yusaf Ali, who being a minor, the estate came under the superintendence of the Court of Wards.

Page 186, para. 163. —*Add* to end.

A cattle-breeding farm was started at Lohara in the Ahiri Zamindari in 1912 with the object of demonstrating to the people modern methods and their results.

The 3rd class road from Warora northwards towards Wardha was taken over by the P. W. D. from the District Council in 1913 and proposals are on foot to raise its status. It is under consideration to extend the road from Warora to Chimur towards north-east to connect with Kanpa which is the nearest railway station for the tract traversed.

Page 254, para. 220 —*Add* at end.

There does not appear to be any necessity of raising to class I the roads from Mul to Nagbhir and from Nagbhir to Brahmapuri, now that the narrow gauge sections run parallel with them.

Page 254, para. 221 —*Add* at end

The road from Garchiroli to Mul, a length of 25 miles, is now metalled, the road from Garchiroli eastwards to Muramgaon is now completed and, excepting a few miles, it is gravelled throughout. The extension beyond Muramgaon towards Dhamtari is also completed as a class III road so far as Chanda district is concerned. It is proposed to construct another class III road from Muramgaon southwards to Jharapapra. To afford an outlet to the railway from Garchiroli tract without crossing the Wainganga river a new road from Armori to Warsa on the Bengal-Nagpur Railway narrow gauge line was constructed in 191. Another important railway feeder road from Warsa eastwards to Kurkheda is nearing completion.

Page 255, para. 222. *Add* at end.

The road from Chanda to Sironcha *viâ* Allapalli, a length of 129 miles, is practically completed. The road is metalled up to Allapalli and gravelled beyond up to Sironcha. A stone causeway is under construction over the Wainganga which is crossed in the 43rd mile. The idea of constructing a road from Allapalli to Muramgaon is now dropped and only the section from Jharapapra to Muramgaon is to be constructed.

Almost all the roads in the Brahmapuri aud Garchiroli tahsils and a few minor ones in the other tahsils are now transferred to the District Council for maintenance. There are altogether 192 miles of metalled and 245 miles of unmetalled roads on the books of this department excluding those under District Council proper, out of which 38 miles of metalled and 126 miles of unmetalled road have recently been transferred to the District Council for maintenance. The costs of maintenance of the roads now in charge of the P. W. D. and of those transferred to the District ouncil are Rs. 82,000 and Rs. 29,000 per annum respectively. A length of 21 miles of road is under construction and the programme of future construction includes 23 new roads extending over 457 miles, at an estimated cost of Rs. 15,66,000.

The old stock was replaced by a full crop of seedlings and by 1913, the latter had matured and the yield is now normal again."

In 1907-08 the suspensions amounted to Rs 36,083. The outturn was 90. Page 302, para. 269. *add* at end.

In 1908-09 there was failure of crops here and there. In these localities only were remissions found necessary. The total outturn was 71 and remissjons amounted to Rs. 41,198-14-10. 1909-10 and 1910-11 were

good years. The monsoon rains were favourable and the outturn was 110 and 100, respectively. Hail did damage in February 1912 in portions of all tahsils. Remissions were granted to the extent of Rs. 5,000. The outturn was 107. In 1913-14 suspensions amounting to Rs. 442 were granted in the Garchiroli tahsil and Rs. 201 were remitted in mauza Chamursi owing to the bursting of the tank.

It is under consideration to abolish Chanda as a civil district. In that case the post of District Judge, Chanda, will disappear and the district for purposes of civil litigation will become part of the adjoining Wardha district.

In 1910 an Extra-Assistant Commissioner was appointed to the post of Manager of the Ahiri Zamindari (Court of Wards) and he exercises 1st class magisterial powers. He has since been transferred to the regular line and a Tahsildar with 3rd class magisterial powers is appointed to the post.

Page 341, para. 308. One Revenue Inspector and 5 Patwaris were transferred with the lower taluks of Sironcha, the present Land Record staff is, therefore, 1 Superintendent, 3 Assistant Superintendents, 12 Revenue Inspectors and 194 Patwaris. The patwari circles are for the same reason reduced to 194.

In 1910 the Deputy Commissioner was relieved of the duties of the office of District Registrar. The Assistant in charge of the treasury is now the District Registrar. Page 344, para. 310

The Contract Supply system was introduced into the Chanda, Warora and Brahmapuri tahsils in 1906-07. Sanction to its extension to the *khalsa* portion of the Garchiroli tahsil was obtained in 1909 but was not actually introduced till a year later. With the extension of the supply system into Garchiroli a warehouse was opened at the tahsil headquarters, liquor being supplied for this also by Messrs. Parry and Company. From 1st April 1912, the two zamindaris of Chandala and Gilgaon were also brought under the contract supply system. The contract supply system has been extended to the Pategaon, Khutgaon, Muranda and Dhudmala Zamindaris with a duty rate of Rs. 15 per proof gallon, with effect from 1st April 1913. The retail vendors pay the price of the liquor plus a duty of Re. 1-4-0 proof gallon. The rate of duty in the southern portion of the Garchiroli tahsil, east of river Dina, and in the Chandala and Gilgaon Zamindaris has since been reduced from Re. 1-4-0 to Re. 0-15-0 per proof gallon. A warehouse has temporarily been opened at Vithalwara as an experimental measure since 1st April 1912, and supplies the shops in the southern portion of the Chanda and Chamursi circles, at the same rate as at the new warehouse at Garchiroli. Page 345, para. 312

From 1st April 1912 a high-duty area of 127 square miles was created comprising the towns of Chanda and Warora and the 33 villages between and around them. The duty charged in this area has been raised to Rs. 5 per proof gallon. The whole of the Warora tahsil has since been brought under high-duty area, the duty in the eastern portion of the tahsil being raised from Rs. 3-12-0 to Rs. 5.

The *khalsa* portion of the Sironcha tahsil, which up to 1909-10 was under the outstill system, was placed

from that year under the distillery system. A distillery was opened at Sironcha, the headquarters of the tahsil, to supply 25 shops, but it actually supplied only 19 shops during that year, and in the following year the number was reduced by three shops which were found to be working unsatisfactorily.

Page 345, para. 312, clause 3.

" From the year 1914-15 the Sironcha Sadar Distillery system was abolished and the area with the portion of the Ahiri Zamindari lying between Garchiroli Khalsa under supply system on the north and Sironcha Khalsa on the south with the Pranhita and Bandia rivers on the west and east was converted into supply area. A duty rate of Re. 0-10-0 with Re. 1-2-6 cost price per proof gallon has been fixed for the above area."

In the tracts already under supply system the cost price of liquor has been reduced from Re. 1-0-6 to Re. 1 from the year 1914-15."

Page 345, para. 312 —After clause 5 *add* clause 6.

" There are 8 Excise circles. From 1st April 1914 two new warehouses were opened at Ahiri and Sironcha for supply of liquor to contractors in the area converted into supply system. There were in the district in 1912-13 162 shops under the contract supply system, 106 under the outstill system, and 16 under the distillery system, besides the one foreign liquor shop at Chanda. In 1913-14 the number of shops under the contract supply system rose to 179 and that under the distillery system to 25, while the number of shops under outstill system fell to 91. The duty on opium was raised in

the financial year 1912-13 from Rs. 15 to Rs. 19 per seer, and there are now 48 shops in the district. The practice of selling opium from sub-treasuries was abolished from the financial year 1911-12. The opium is now stored at, and sold from warehouses, except at Sironcha, where there is no warehouse and the old practice continues.

There are now 47 ganja shops. The duty on ganja was Rs. 5 per seer up to 1910-11. In the following year it was raised to Rs. 6 and in 1912-13 to Rs. 7-8-0 per seer. There are 10 wholesale vendors and 47 retail shops in the district.

The Madia Gonds, the aboriginal people of Sironcha and Ahiri Zamindaris, are great *tari* drinkers, and enjoy the privilege of manufacturing *tari* for home consumption, free from taxation and control. To legalize the custom under which they get their toddy, it was decided in 1909 to issue free licences to the village headmen under certain easy conditions. 131 such licences were issued in 1909, 137 the next year, 146 in 1911, 146 in 1912-13 and 163 in 1913-14.

The number of *tari* shops in 1913-14 was 45.

An additional sub-inspector was appointed in October 1911 to help the District Inspector of Excise in the general control of the district staff. Since 1912 an Assistant District Officer has been appointed with headquarters at Ahiri.

In the wilder tracts of the district, the barter of grain and other produce for liquor is permitted under the sanction of the Commissioner of Excise."

The Sironcha District Council is exempted from the operation of the Local Self-Government Act (I of 1883). Omit all that portion of paragraph 313 which is on page 349.

The Naib-Tahsildar ceased to be the Secretary of the Warora Municipality when a paid Secretary was appointed in December 1911 on a salary of Rs. 50 per mensem. Page 350, para, 314.

Page 352, para. 317. The only important changes that have taken place in the Mul Irrigation Division since 1909 are as follows:—

(*i*) *Administration.*

The Khairee and Sironcha Survey Sub-divisions have been abolished. A new sub-division was formed in 1910 (with its headquarters at Saoli) on the construction of the Asola-Mendha channels and the Asola Sub-division has been abolished. A new sub-division has been opened at Naleshwar in 1913.

The sub-divisions are therefore now as follows:—

| Name. | Headquarters. | Sub-divisional Officers. |
|---|---|---|
| Saoli | ... Saoli | Mr. Narain Kesheo Pendharkar. |
| Naleshwar. | Naleshwar. | Mr. Milkiram Chopra, Supervisor. |
| Ghorajheri. | Kosbee ... | Mr. Ramlal, Overseer. |
| Chanda | ... Chanda ... | Lala Butamal, Supervisor. |

The large works in the division are —

The Asola-Mendha tank scheme, the Ghorajheri tank scheme, the Khairee tank scheme, and the Naleshwar tank scheme.

The first is nearing completion, while Nos. 2 and 3 are practically finished. No. 4 was sanctioned in 1910-11 and its construction has only just been started in 1913.

The scheme for the colonization of the excised areas lying within the commands of Nos. 1 and 2 are well advanced.

Comparatively little irrigation has as yet been done ..om any of the first three tanks.

Naleshwar tank when completed will irrigate the strip of land that lies between the range of hills that run north and south in the neighbourhood and the Mul river.
